PLIC GO! provided by **Strawbridge**

Empowers Your School To:
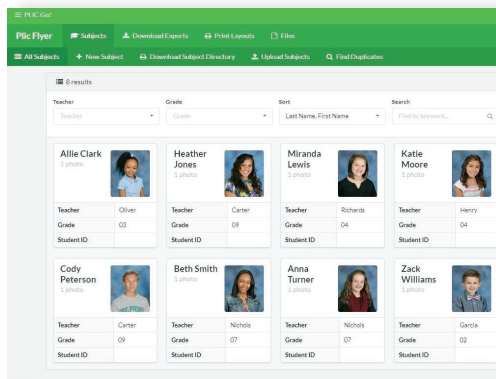

Manage Students' Information

With Plic Go you will be able to access your school images faster and easier than waiting on a DVD to arrive by mail. Plic Go allows you to update and modify data to complete your records before running any exports.

Download Exports

On the Plic Go website you will be able to access a variety of standard exports for your onsite school databases. You will also have the ability to create custom exports for special projects.

Print Items

Plic Go allows school administrators to print their own ID Cards, Student Directories and Award Certificates; a huge time saver for the staff at your school.

All **In One** Place

Software Support

When using Plic Go through Strawbridge you will be given easy access to a representative that can answer any questions that you may have about the software in both English and Spanish.
